MN table series
Natural movement

Innovative use of material and
a minimalist silhouette define
this table series. Solid wood
is the focus, with no distracting
details; all that's left is exactly
what is needed.

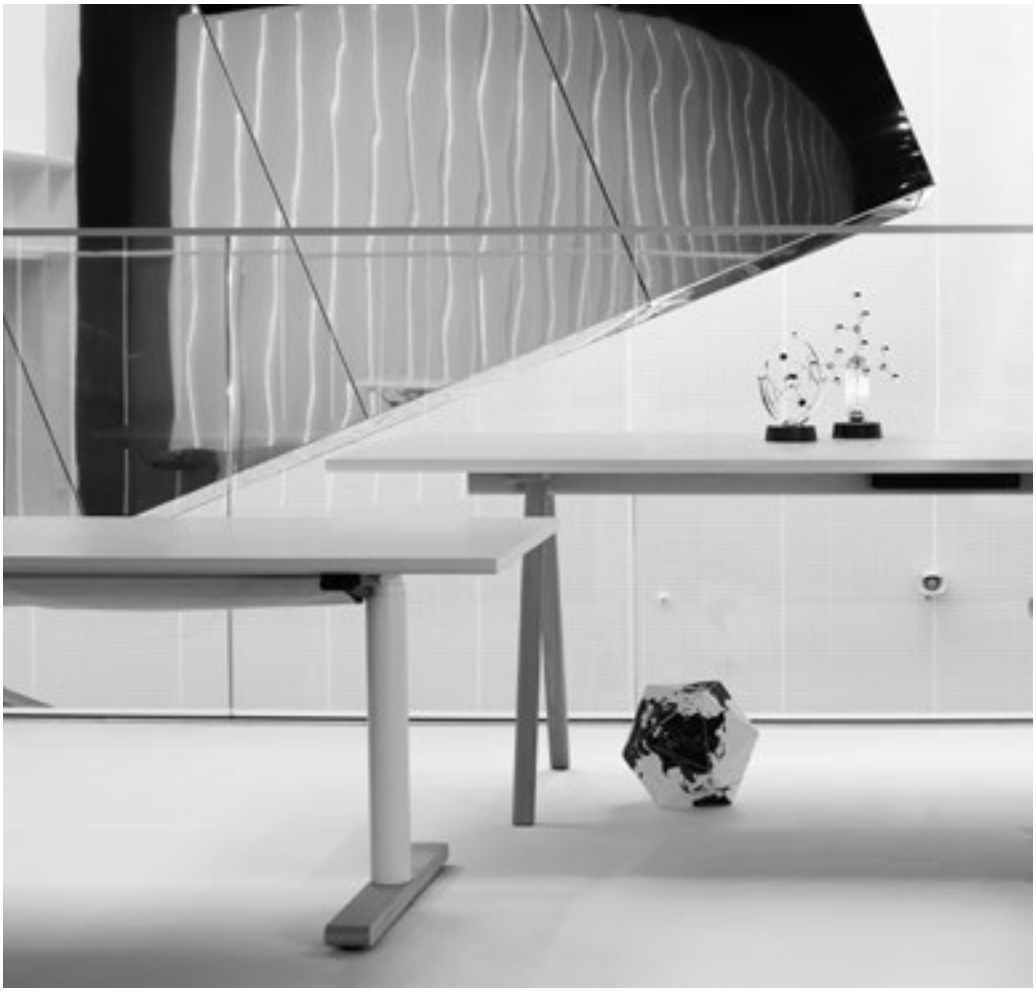

MN table series

Morten Nikolajsen

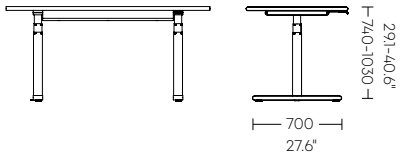

HONEST, SIMPLE, SUSTAINABLE

The design of MN Table Series comprises very few elements and where one would usually find steel, aluminium, or plastic elements, wood has been used instead. The result is a table series for the modern workspace that makes a statement of simplicity and integrity.

MN100 series

Solid wood / veneer / laminate / linoleum

Height-adjustable desk 1600 x 800 mm / 60 x 30"

Height-adjustable meeting table 4200 x 1000 mm / 168 x 40"

< Stand-up meetings improve productivity and increase team engagement. Move your meetings up with MN100 tables.

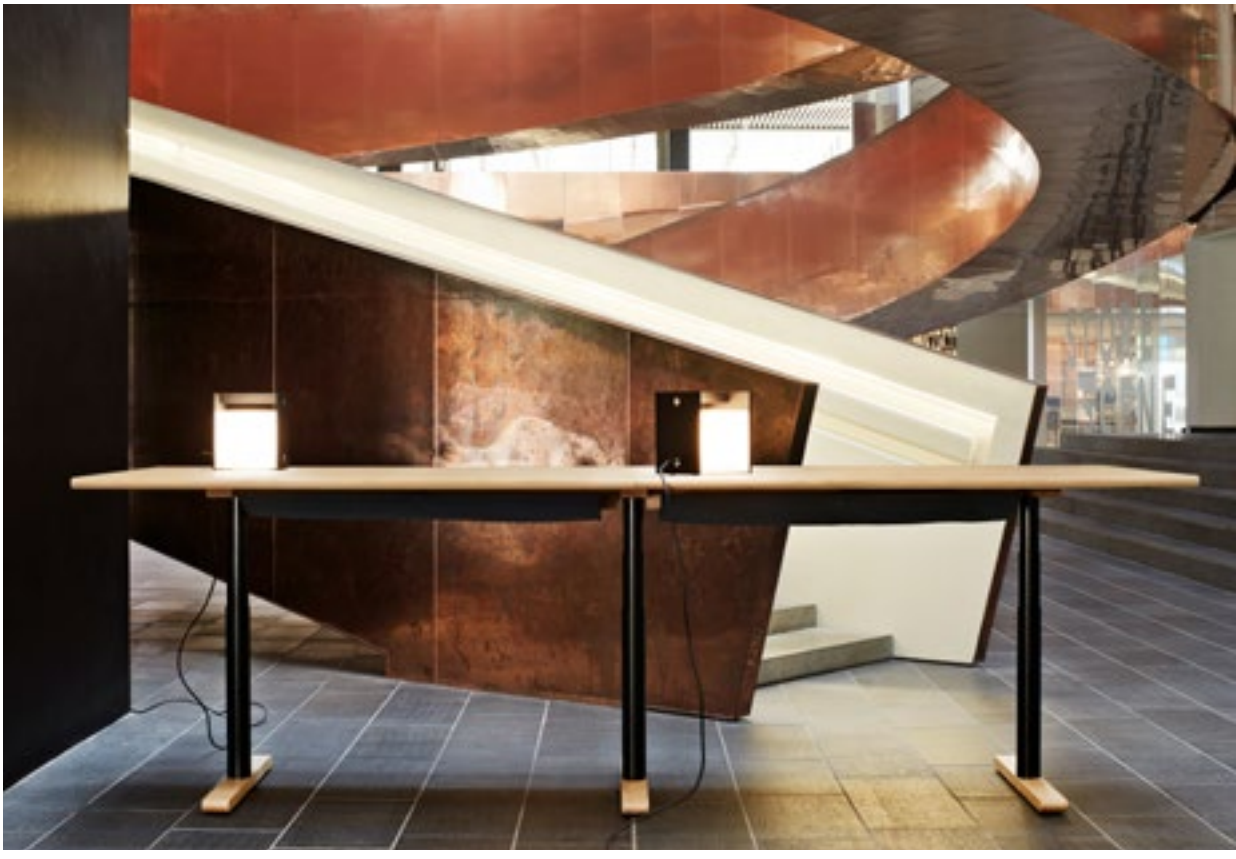

MN1 X-base chairs + MN120 desks
