Humanscale

Sedeo

Designed by Don Chadwick

Sedeo

Designed by the legendary Don Chadwick, the Sedeo Stool blends ergonomic comfort with a sleek, minimalist aesthetic that effortlessly complements its surroundings. Whether in collaborative workspaces, cafés, or home settings, the Sedeo Stool provides the perfect balance of form and function. Its durable construction, customizable finishes, and thoughtful design details make it an ideal choice for those seeking both comfort and sophistication in their elevated seating.

Ergonomics, Elevated.

Design Story

Anatomically shaped to lend the body instant, intuitive support outside the workstation, Sedeo embodies Don Chadwick's vision for innovative, human-centered design. Drawing on decades of expertise in ergonomics, Chadwick crafted a stool that merges form and function with effortless grace. The stool's contoured seat shell and sculpted support reflect Chadwick's commitment to comfort and durability, while its sleek, modern lines pay homage to classic design principles. Elevating and enhancing any gathering space, Sedeo offers not just a place to sit, but an invitation to huddles, brainstorms, and spontaneous collaborations.

Applications/Inspirations

The Sedeo Stool seamlessly blends into various environments, making it an ideal choice for both casual and formal settings. Its ergonomic design and versatile finish options ensure it elevates any space it occupies without dominating it. Whether in a collaborative workspace, a cozy café, or a stylish reception area, the Sedeo Stool offers a perfect balance of form and function. Its modular components and customizable height options make it particularly well-suited for dynamic, multi-purpose areas where adaptability and comfort are key.

Design by Don Chadwick

A true icon of industrial design with over half a century's experience, Don Chadwick remains deeply engaged in the design process, continuously refining his approach and embracing new technologies. His designs are celebrated not just for their function but for their seamless integration into the fabric of modern life.

Chadwick's commitment to sustainability and human-centered design continues to inspire designers globally, as he explores new ideas with the same curiosity and enthusiasm that have driven him throughout his career.

A Seat Design that Encourages Healthy Back Posture

Sustainability

At Humanscale, our approach to product development and manufacturing embodies our mission to minimize our impacts. We believe that the best design in the world achieve more with less, so we act accordingly. Sedeo is no different, made with fewer parts than the standard task chair, and thus reducing its climate footprint.

Sedeo is also certified climate positive as well as certified Indoor Advantage™ Gold and BIFMA LEVEL® 3

Warranty

Sedeo is backed by a comprehensive 15-year warranty, reflecting our commitment to quality and long-term satisfaction. This warranty covers the chair's components, ensuring long-lasting performance and peace of mind for years to come.
