Remix 3

Remix 3 is an elegant upholstery textile distinguished by exceptional depth of colour, designed by Giulio Ridolfo. It comes in 23 new hues, adding to an already expansive palette which now offers a total of 72 sophisticated colourways.

Remix 3 looks unicoloured from a distance but reveals subtle details and colour contrasts when viewed close-up. The textile features a tight, minimalistic weave, and derives its lively colour play from a combination of two different mélange yarns, which each combine up to three hues.

The new colours – carefully selected from 2600 samples– are inspired by an extensive study of traditional Indigo dyeing undertaken by Giulio Ridolfo on his travels. Centred around deep combinations of blues and rich natural reds, they also include subtly coloured neutrals.

Giulio Ridolfo: "*Intuition, knowledge and respect for mother nature were key for the process of dyeing with natural Indigo. The only way to translate this into Western organised dyeing processes was by working on a reduced but resonating colour range of yarns, on a scale from red to blue. Working on this was a wonderful journey, during which the essential yarn of Remix was fundamental for creating the desired shades of blue and other naturals.*"

Versatile *Remix 3* is suitable for both contract and private use. It is very durable and, as a result, offers a long-life span. Furthermore, it has a high content of renewable fibres and is certified according to the EU Ecolabel. It is appropriate for those looking for a textile with a reduced environmental impact; for instance, architects or interior designers working with LEED-certified buildings.
